Dear Miss Parlow :

I am writing concerning one of your former pupils of violin, the late young American composer Robert Frank Kurka. At the present time I am engaged in a study of the life and music of Mr. Kurka (with the knowledge and approval of Mrs. Kurka), and I will greatly appreciate any information you may be able to give relating to his study with you.

I should like to know especially:

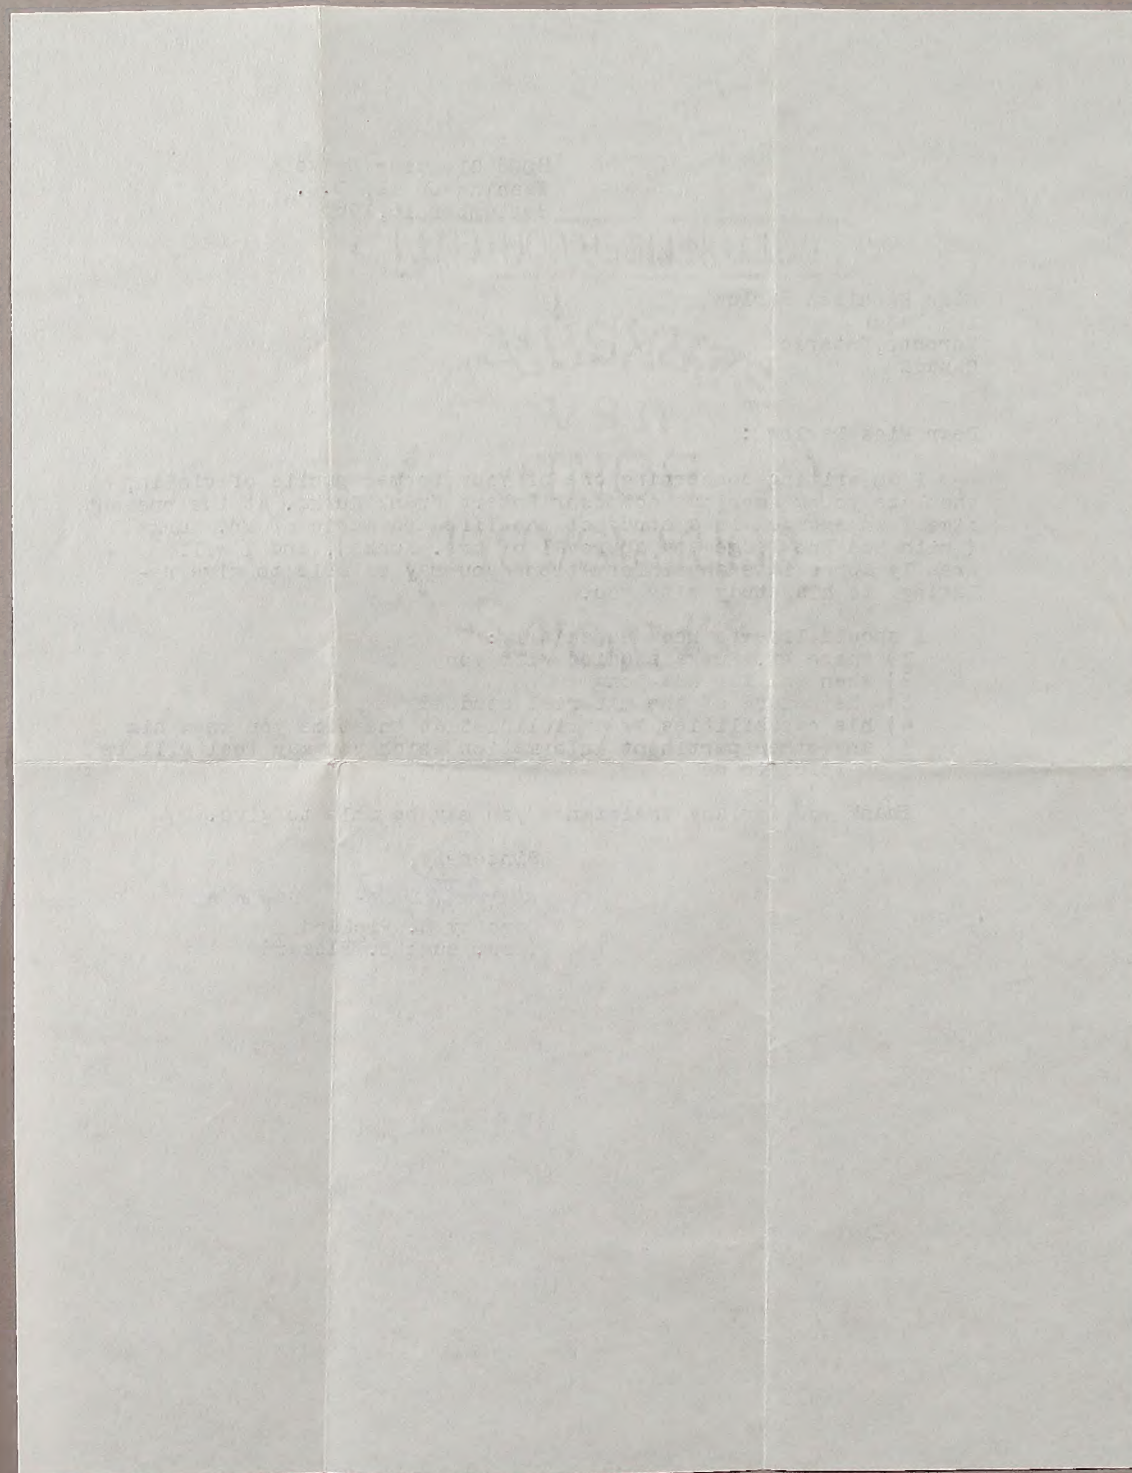

- 1) where Mr. Kurka studied with you
- 2) when and for how long
- 3) the nature of the material studied
- 4) his capabilities as a violinist at the time you knew him
- 5) any other pertinent information which you may feel will be helpful to me

Thank you for any assistance you may be able to give.

Sincerely,

Dorothy S. Pickard
